## TECHNICAL SKILLS

### Languages

- TypeScript
- HTML
- CSS

### Frontend Frameworks

- ReactJS
- Context API
- Redux

### Backend Frameworks

- Node.js
- ExpressJS
- REST API

### Database

- MongoDB
- MySQL
- PostgreSQL

### UI Library

- Material UI
- Primer Design
- Tailwind

### Animation and 3D Library

- Framer Motion
- GSAP
- ThreeJS

### Deployment & DevOps

- Git
- GitHub
- AWS
- Docker
- CI/CD
- Jenkins
- Render

### Tools and Technology

- Jira Workspace
- Postman
- VS Code

### Methodologies

- Version Control
- Agile
- Scrum

### Soft Skills

- Problem Solving
- Team Collaboration
- Clear Communication
- Adaptability

## ABOUT ME

Full Stack Web Developer building scalable web applications with modern technologies, clean code, and Agile methodologies.

## PROFESSIONAL EXPERIENCE

### Full Stack Web Developer • Avidus Interactive 2024 - Present

- Developed 8+ scalable web applications using ReactJS, NextJS, Node.js, and MongoDB with 40% performance improvement.
- Implemented RESTful APIs and CI/CD pipelines reducing deployment time by 50% and maintaining 99% uptime.
- Collaborated in Agile teams using Jira, resolved 100+ production issues.

## KEY PROJECTS

### Resolution Pro

ReactJS • ExpressJS • MongoDB • AWS • Node.js • REST API

- Built meeting scheduler supporting 500+ concurrent users with WebSocket.
- Optimized MongoDB queries reducing execution time by 40% than before.
- Deployed on AWS with CI/CD pipeline achieving 99.5% uptime.

### Caffetest

NextJS • Tailwind CSS • ExpressJS • MongoDB • VS Code Extension

- Auto lock bug and test case according to the automation test result
- Integrated with most famous automation testing framework and VS Code
- Visit <https://caffetest.vercel.app> to use the vibe AI bug tracker

## EDUCATION

### Bachelor of Computer Application

Graduated: July 2024

### Full Stack Web Development Certification

Graduated: January 2025

## WORK PHILOSOPHY

- I maintain consistent high performance through a disciplined balance of focused work, fitness, and rest as a Full Stack Web Developer.
